Garment Specifications

- Made from a premium blend of 55% Modacrylic, 43% Cotton, and 2% Antistatic fibers, offering natural flame resistance and lasting comfort.
- Designed with two secure chest pockets featuring flap and snap-button closures to keep essentials safe.
- Includes two back pockets—one with a flap and snap closure—along with a dedicated tool pocket on the right leg for easy access on the job.
- A convenient pen pocket on the left arm and two side waist pockets provide practical storage options throughout the day.
- Equipped with a durable two-way front closure using a No.5 metal golden brass zipper for smooth and reliable wear.
- Elasticized back waist and action pleats ensure better flexibility, comfort, and freedom of movement.
- Adjustable Velcro sleeve cuffs and snap-button closures at the collar and waist allow for a personalized, secure fit.
- Features 1-inch FR reflective tape to enhance visibility and safety in low-light working conditions.
- Reinforced bar tacking at all stress points ensures durability, while concealed metal components add an extra layer of safety.
- ADNOC approved and proudly made in India, meeting rigorous industry safety and quality standards..
